TEACHERS FOR PEACE

Education for Peace. Learning for the Future.

London Expo | 10 November 2026

An established, woman-founded, grassroots international education initiative.

Four Years of Learning, Connection and Community

Since March 2022, Teachers for Peace has grown from a response to the war in Ukraine into an international community of educators and learners.

Together, we have delivered more than 4,000 free online lessons, with contributions from 70+ volunteer educators and educational opportunities reaching 700+ learners.

Our work now includes chapters in Ukraine, Afghanistan and Syria, bringing people together through education, connection and shared opportunities to learn.

We are continuing to develop our programmes, strengthen our team and build a sustainable future for Teachers for Peace.

ONE MISSION. THREE CHAPTERS.

Ukraine — English, reading, storytelling and wellbeing for learners affected by war.
Afghanistan — educational access for girls and women, with privacy, safety and flexibility at the centre.
Syria — free online learning and supportive educational communities.

LEARNERS TO LEADERS

Our active six-month youth leadership pilot connects young people in Ukraine, Afghanistan and Syria to discover their strengths and develop small, achievable generosity projects.

Everyone has something special. And when we share it, magic happens.

THERE'S MORE THAN ONE WAY TO MAKE A DIFFERENCE.

Donate • Volunteer • Partner
Sponsor education, support a chapter, become a mentor, offer technology, share professional skills, organise employee volunteering, become an ambassador or make an introduction.

Volunteer registration is an expression of interest. Screening, safeguarding and onboarding are required before learner-facing activity. Partnerships and matching contributions are agreed with our authorised team.

OUR LONDON EXPO GOALS

30 Meaningful new contacts • **10** Volunteer or mentor enquiries • **5** Partnership discovery meetings • **3** Technology or in-kind offers

OUR FUTURE VISION

Trauma-informed, inclusive, future-focused education: peace education, global citizenship, sustainable futures, teacher development and youth leadership. Teachers for Peace Academy is a future ambition, not a completed launch.
